Information/allegations

On 22.11.2017 at 14:55 LT, Text removed - justification 5 rescued a boat in distress with 98 migrants on board. On 23.11.2017 at 18:00 LT, migrants were disembarked in Pozzallo. Few days later the Doctor responsible for the HotSpot Medical Service confirmed that an infected immigrant, a minor, was transferred directly from the boat to the hospital, so the migrant never entered the HotSpot and the doctor considers that the possibility of infection by Frontex experts is irrelevant, thus it is not necesary to make any medical check to Frontex team members.
