

Video Script

Script of video published on the Twitter account @Europarl_EN regarding the election of the new Commission president, on the 12th of July 2019:

Some **200 million people**

voted in the new Parliament

One of its first acts?

Elect the next **Commission President**

EU leaders propose

Ursula von der Leyen,

She wasn't a lead candidate

So will have to work

Hard to win support

In Parliament the process is **transparent,**

von der Leyen will

present her programme

before members vote

on her **candidacy**

The **debate and vote**

will be streamed **live**

If Von der Leyen is elected
the selection of commissioners
starts **immediately**.

Parliament will hold
hearings to judge if
they are up to the task.

Members will then vote
on the **entire commission**.

If members **don't approve** her
the European Council has
one month to propose
a **new candidate**
