# 1. STEERING BRIEF

## 1.1 Scene setter

On 23<sup>rd</sup> of June of 2015 between 15.30 and 17.30, [REDACTED] from Google has been invited to hold a workshop at the JRC.

[REDACTED], Vice President of Engineering at Google, [REDACTED] [REDACTED]. ATAP is a small band of makers and believers charged with breakthrough innovations in mobile computing and accelerating the development of promising technologies to market.

[REDACTED]

[REDACTED] will be coming to JRC to hold a workshop for a select group of JRC staff focused on sharing [REDACTED] experiences in the area of innovation management and how to ensure organisations remain innovative.

[REDACTED] will be accompanied by [REDACTED] colleagues [REDACTED] - Senior Manager, Public Policy & Gov't Relations and [REDACTED] - Public Policy Manager.

## 1.2 Objectives

The workshop will be focused on discussing the way Google organises its innovation activities and the primary objective will be to identify lessons that could be relevant to the JRC.

[REDACTED]

1. **Monitoring, Identification and prioritisation of new areas of activity and technological domains:** [REDACTED]
2. **Project Management:** [REDACTED]
3. **Cooperation/collaboration with external entities.** [REDACTED]

**1.3 Line to take**

The format of the workshop will include a 30 minutes presentation by [REDACTED] to be followed by a general discussion moderated by Mr Sucha.
