Dear Mr Sadauskas

I am writing to seek a meeting on behalf of Rob Guzzo, the head of our international environmental initiatives team.

We know the legislative activities will be in standstill until after the summer however we would still appreciate the opportunity to present Apple's sustainability credentials and talk through some of the topics which we believe will still be on the Commission's agenda in the upcoming mandate. We would focus on our vision of circular economy, our approach to taking chemicals out and the way we envisage product design.

Rob will be visiting Europe the week of 17 June and I was wondering whether you would be available for a meeting on Tuesday 18 or Wednesday 19.

Many thanks in advance for your consideration,

Kind regards
