Dear [REDACTED],

Thank you for your email and proposal to meet on issues related to date marking.

Unfortunately the date you suggest will not be possible for us – would you like to suggest another date for an exchange of views on this issue?

You are no doubt aware of the need for organisations which meet with the Commission to be included in the Transparency Register – I attach here below the link should your company not yet be registered:

Subject: Amazon - Meeting Proposal

Dear [Redacted],

Hope you are well?

I am contacting you with the intent to introduce you to Amazon's eCommerce food presence in Europe.

We were pleased to see the results of the *Market study on date marking and other information provided on food labels and food waste prevention* and would like to take this opportunity to exchange views on some topics of mutual interest such as

- Amazon's view on the date marking in the context of waste avoidance strategies
- The role of heterogeneous temperature requirements across the food supply chain and
- Alternative ways of providing mandatory food information in the context of eCommerce food sales

On April, 10th I will be hosting two Amazon Food Safety colleagues here in Brussels.

Can I propose this date for an introductory visit with yourself and any colleague who may be interested?

Kind regards,
