#### [Invitation | Hannover Messe Reception | 27th April](#)

It is our great pleasure and honour to invite you to a joint [Select USA](#) & Google reception at the occasion of the [Hannover Messe](#) in Hannover, Germany. For the first time in its long history, Germany's main industry trade fair is partnering with the USA to host the fair's 2016 edition. President Obama and Chancellor Merkel will open the fair, and Google is a proud sponsor of the event.

Should you attend the fair this year, we'd be delighted if you could join us at our reception from 6pm on **Wednesday, 27th April** in Hall 3.

It promises to be a fantastic evening with industry peers, stimulating conversation and live entertainment.

**There is no need to RSVP and you don't need to bring this invitation with you to gain entry - this is an open event for fair visitors.**

We hope you can make it and look forward to seeing you in Hannover.
