Betreff: Match Group - Our meeting on Tuesday

Dear [REDACTED],

Thank you very much for taking the time to meet with us on Tuesday around our data-monetization proposal and on the reflection in Germany on working towards a fair, safe and competitive online platform economy.

I have attached some documents for your convenience regarding :

- The data-monetisation proposal we discussed, as well as a bill we're promoting in the US on the "price of data" and which has been [effectively tabled in Congress](#) and some press articles about it;
- Two additional proposal regarding online safety in the context of the potential review of the EU E-Commerce Directive (the first one is about age-gating, the second is about private messaging's).

Feel free to share with your colleagues in Berlin.

Best,

[REDACTED]
