Poštovani gospodine Predsjedniče,

Povodom 9. maja – Dana Evrope, u ime građana Crne Gore i u svoje ime, upućujem Vam najsrdačnije čestitke i najbolje želje za dalji napredak i blagostanje.

Ovogodišnji praznik obilježavamo u uslovima najozbiljnije globalne zdravstvene krize u novijoj istoriji. Solidarnost na djelu i saradnja kao temelj evropskog jedinstva nikada nijesu imale snažniju vrijednost i bile potrebnije nego danas, 75 godina od velike savezničke pobjede nad fašizmom i 70 godina nakon usvajanja Šumanove deklaracije, koja je označila prvi korak ka realizaciji ideje evropskog ujedinjenja.

Evropa čija je najveća snaga njeno jedinstvo; Evropa koja njeguje i slavi zajedničko nasljeđe, raznolikosti, solidarnost i zajedništvo; Evropa koja je ponosna na svoju slobodu i demokratiju; koja zastupa i štiti evropske interese i interese svih njenih naroda; i koja je globalni lider - naš su zajednički cilj i jedina garancija sigurne budućnosti sadašnjih i budućih generacija.

Crna Gora ostaje trajno posvećena miru, stabilnosti i prosperitetu Starog kontinenta, odlučna da kroz završetak reformskih procesa, punu demokratsku konsolidaciju, i prihvatanje i implementaciju evropskog sistema vrijednosti postane punopravan, pouzdan i odgovoran član evropske porodice i njen dodatni kvalitet.

Proširenje kao najuspješnija politika EU doprinosilo je i doprinosi snaženju bezbjednosti, mira i napretka. Zagrebački samit, održan uprkos kompleksnim okolnostima, potvrdio je evropsku perspektivu Zapadnog Balkana.

U uvjerenju da ćemo u borbi protiv aktuelne pandemije zajedno ostvariti još jednu pobjedu na dobrobit svih naših građana, upućujem Vam izraze mog najvišeg uvažavanja i srdačne pozdrave.

Dear Mr President,

On the occasion of 9 May – Europe Day, on behalf of the citizens of Montenegro and in my own name, I hereby extend cordial congratulations and the best wishes for further progress and wellbeing.

This year's holiday is celebrated in the conditions of the most serious global health crisis in recent history. Solidarity in action and cooperation - the foundations of European unity - have never had higher value and have never been more needed than now, 75 years after the allies defeated fascism and 70 years after Schuman's Declaration was adopted, marking the first step in the implementation of the idea of European unification.

Europe whose greatest strength lies in its unity; Europe that cherishes and celebrates common heritage, diversity, solidarity and community; Europe proud of its freedom and democracy, representing and protecting European interests and interests of all its nations; Europe as a global leader – that is our common goal and the only guarantee of secure future for the current and future generations.

Montenegro remains permanently committed to peace, stability and prosperity of the Old Continent, determined to finalize reform processes, ensure full democratic consolidation and accept and implement European system of values, which will lead to its becoming a full-fledged, reliable and responsible member of the European family and its added quality.

Enlargement as the most successful EU policy has been contributing to the strengthening of security, peace and progress. The Zagreb Summit that was held in spite of the complex circumstances confirmed the European perspective for the Western Balkans.

Assured that in the fight against the current pandemic we will ensure yet another victory to the benefit of all our citizens, I hereby extend the expressions of my highest consideration and warm greetings.

**Milo Đukanović**
