Ref: Framework Contract 2018/EMSA/OP/1/2018

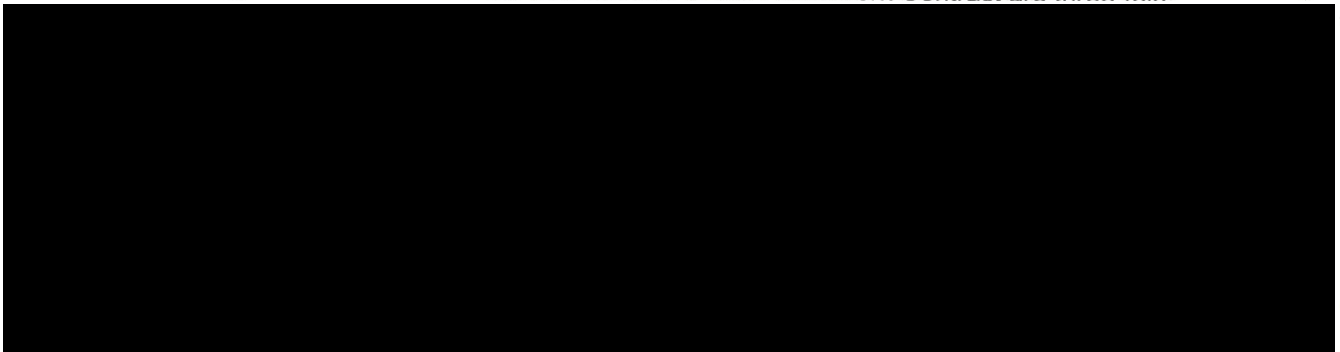

Subject: Non-Renewal of Framework Contract

Dear Mr.  and Mr. 

With reference to the framework contract subject to this letter, signed on 27 September 2018 between CEiiA-Centro de Engenharia e Desenvolvimento (Associação) and the European Maritime Safety Agency ("EMSA"), I hereby regret to inform you of EMSA's decision not to renew the framework contract.

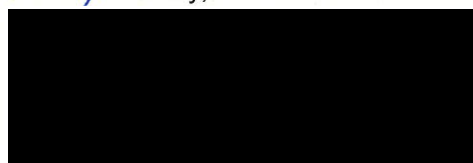

Art. I.3.5 "FWC renewal" under Section I of the FWC Special Conditions states that: "The FWC is renewed automatically up to two times of a period of 12 months under the same conditions, unless one of the parties receives a formal notification to the contrary at least three months before the end of the ongoing duration. Renewal does not change or postpone any existing obligations."

The reasons leading EMSA to decide for the non-renewal of the Framework Contract are three-fold:

As a consequence of the non-renewal, FWC 2018/EMSA/OP/1/2018 will expire by the end of 26 September 2020.

Yours sincerely,

Executive Director

Ref: Specific Contract No 5 for Transportation, On-site Set-up, On-site Activities and Flight Operations/missions-Greece - Implementing Framework Contract 2018/EMSA/OP/1/2018

Subject: Cancellation of Contract amendment No. 1

Dear Mr. 

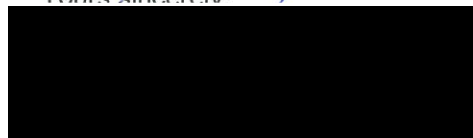

Further to a request by Frontex in December 2019, asking for an extension of the RPAS deployment in Greece for a new period of three months, EMSA proposed to CEIIA-Centro de Engenharia e Desenvolvimento an amendment No1 to Specific Contract No 5 signed on 22 August 2019. This amendment proposed an extension of operation until 31 March 2020 and an increase of the initial contractual value.

 Frontex and the Hellenic Coast Guard have both cancelled their requests to extend the RPAS deployment after 19 January 2020 (expiry date of Specific Contract No5).

Consequently, EMSA will not countersign the amendment No 1 to Specific Contract No5. The proposed amendment must be considered as null and void.

Yours sincerely 

Executive Director
