Interoperability

between EU large-scale information systems

EASO Regulation – information exchange

Article 3 - Best practices

- enable the exchange of information and the <u>identification and pooling of best practices</u> in asylum matters between MS

Article 5 - Supporting relocation of beneficiaries of international protection within the Union

- promote, facilitate and coordinate exchanges of information and other activities related to <u>relocation within the Union</u>

Article 7 - Support for the external dimensions of the CEAS

- coordinate exchanges of information and other <u>actions on resettlement taken by MS</u>

EASO Regulation – information exchange

Article 9 - Gathering and analysing information

- analyse data on any sudden arrival of large numbers of third country nationals

Article 11 - Gathering and exchanging information

- factual, legal and case-law databases on implementation of relevant instruments of the asylum acquis
- <u>no personal data</u> shall be stored in such databases, unless obtained from documents that are publicly accessible

EASO Regulation - personal data

Article 15
- **Asylum Intervention pool**

Article 16
- **Deployment**

Article 18
- **Operating Plan**

European Asylum Support Office

SUPPORT IS OUR MISSION

EUAA Regulation – information exchange

Article 1 - Subject-matter and scope

Article 2 – Tasks

Article 3 – Duty to cooperate in good faith and exchange information

Article 5 – Information on the implementation of the CEAS

EUAA Regulation

Chapter 7
Information Exchange and Data Protection

Article 29
Information Exchange Systems

Article 30
Data Protection

Article 31
Purposes of Processing Personal Data

Article 32
Processing of Personal Data – operational assistance & resettlement

JHA agencies & EASO/EUAA

Article 52

Frontex & FRA

Article 36

JHA agencies

Interoperability between EU systems

COM Proposals (Dec. 2017)

Borders & Visa
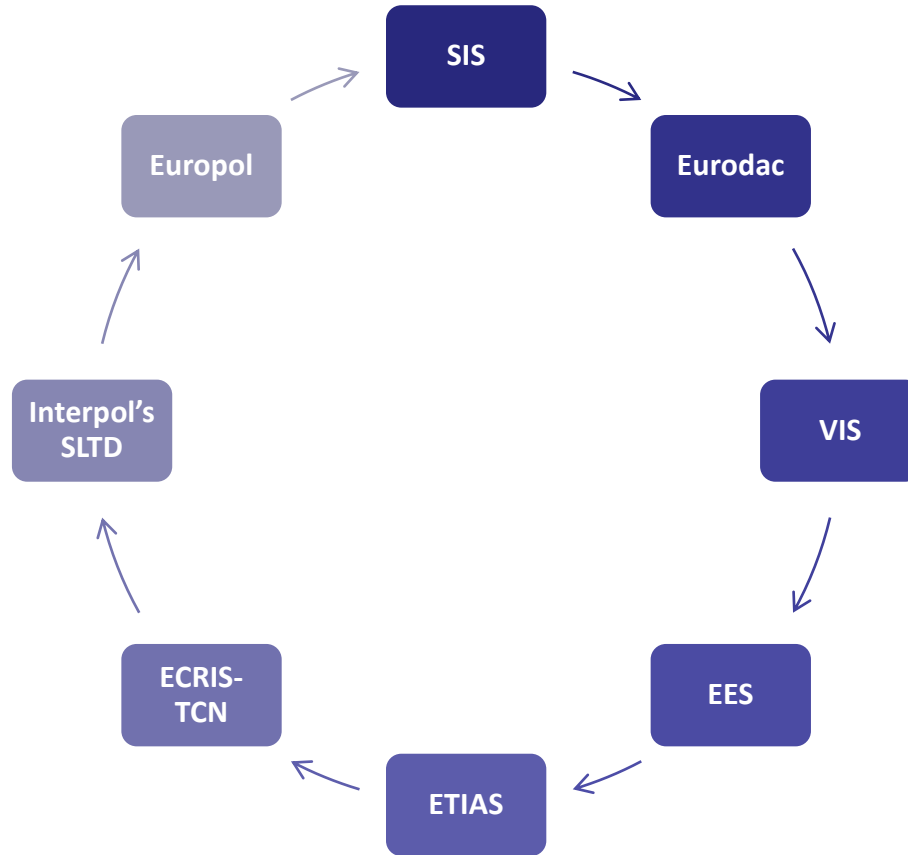

Police, judicial cooperation, asylum and migration

Systems covered:

SIS → Eurodac → VIS → EES → ETIAS → ECRIS-TCN → Interpol's SLTD → Europol → SIS

Interoperability – 4 components

ESP
- European Search Portal

BMS
- Shared Biometric Matching Service

CIR
- Common Identity Repository

MID
- Multiple Identity Detector

EDPS Opinion 4/2018

Potentially useful

Not primarily a technical choice

Not all systems in place

New possibilities to access and use the data

Clarification needed on extent of ID fraud issue

Purposes formulated too broadly

Safeguards for fundamental rights

DP by design & by default

Necessity and proportionality – ECRIS-TCN
