Dear colleagues,

Frontex Presidency of the Justice and Home Affairs Agencies Network (JHAAN) in 2021 is focusing on environmental issues, including ways in which JHA community might contribute to the fight against environmental crime. Frontex is pleased to announce that an online seminar on environmental crime will be organised on Tuesday 1 June 2021, during the EU Green Week.

Some of your Agencies have been already consulted as regards the agenda and we are grateful for all the constructive feedback received. The nominated speakers will be contacted shortly.

With this event, we would like to foster the fight against environmental crime, by presenting the available knowledge on the phenomenon, case studies, available tools and cooperation opportunities. The event is focused on JHA activities, but, as you will see in the agenda, we wish to add other points of view too, making the discussion more comprehensive and richer.

Please kindly find attached the latest version of the agenda. We kindly invite you to share with us, by 21 May, names of participants interested in the seminar. We would be grateful if one consolidated list from each Agency could be sent to JHAAN@frontex.europa.eu as well as [REDACTED].

There is no particular limit, but, at the same time, we wish to ensure good connectivity and lively exchange of views. We would also encourage participants to follow the entire event, as this will offer the most comprehensive picture.

We are looking forward to your active involvement and inspiring exchange of knowledge in the seminar.
